

Expand Your Awareness

cozaint® BOBBY Tower™

Ideally suited for shopping malls, airports, prisons, casinos, corporate campuses, government facilities, utility substations, and more. BOBBY Tower's 360-degree field-of-view includes various analytics. The AI analytic suite powering BOBBY-Cart enables the unit to identify vehicles, people, license plate numbers, and more*.

BOBBY Tower™ is a self-sufficient “smart” intelligent observation cart designed to expand an organization’s surveillance and monitoring reach. Each Tower is equipped with the latest artificial intelligence (A.I.) smart technologies:

- Integrated with “smart” artificial intelligence technologies in a watchful stand-alone unit that scans the area while looking for potentially hazardous conditions.
- Surveillance cameras continually record and allow for video playback.
- Smart Internet-of-Things (IoT) Smart Sensors detect smoke, motion, and unauthorized door/window access, and various other conditions.
- Video Analytics for Situational Awareness
- Audio Analytics for Additional Monitoring
- Long-Range 360° Field Of View
- WiFi, Wired, and Cellular Connectivity For Additional BOBBY, ALICE, and Internet Communications
- 24/7/365 Surveillance With Remote Human Monitoring
- Flashing LED Lights/Siren Functionality
- 2-Way Audio Integration
- **78” Tall**
- **Interactive Touchscreen**
- Limited Maintenance Unit
- 2-Year Warranty
- BOBBY Security Platform Installed
- Telescoping Camera Pole optional

\$Per Month Subscription

Leasing Agreements Possible

cozaint® BOBBY Tower™

Agent Monitoring Platform:

Connected Units	Unit Location	View Cameras	Notes	Action
BOBBY-W11	Lobby Entrance	VIEW	Door Sensor Activated	Acknowledged
BOBBY-T5	Main Parking Lot	VIEW	Agent Call Request	Answered
BOBBY-M1	Back Door	VIEW	Motion Sensor Activated	Reviewed
BOBBY-M2	Side Door	VIEW	Access Control	Reviewed
BOBBY-T5	Main Parking Lot	VIEW	LPR Detected	Acknowledged
BOBBY-M7	Second Floor	VIEW	Motion Sensor Activated	Reviewed

As part of the monthly subscription, each customer gets access to the Agent Monitoring Platform. This system is designed to provide the additional "eyes and ears" of the BOBBY Tower™ to the on-duty agent.

Respond quickly to alerts and alarms as recognized by the BOBBY Tower and view the on-board cameras for video verification of activity.

With the 2-way audio capabilities, visitors in front of the BOBBY Tower can communicate with the Agent to request information or place a panic call.

Increase your overall situational awareness with the BOBBY Tower and rest assured that your environment has the most advance safety capabilities available.
